

PROFESYONEL

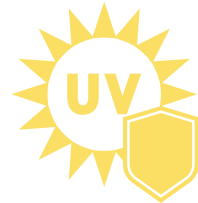

MULTI-PURPOSE WATER LEAK SEALANT

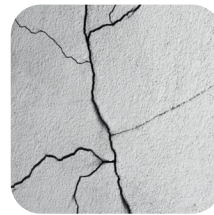

Product Description:

Boysat Professional is a solvent-based, hybrid resin-based, water-insoluble, pressure-resistant, and long-lasting crack filler and waterproofing material. It forms a physically thick layer on the applied surface, has a viscous consistency, and is capable of filling cracks and gaps.

GENERAL SPECIFICATIONS

- ✓ Waterproofing: Provides a strong waterproof barrier.
- ✓ Flexibility: Adapts to structural movements, does not crack or peel.
- ✓ Protection: Resistant to UV rays, temperature changes, mild pool chemicals, and sunlight.
- ✓ Easy Application: Can be easily applied with a brush or finger roller.
- ✓ Durability: Offers high durability and long-lasting insulation.
- ✓ Pressure Resistance: Withstands water pressure.
- ✓ Color Options: Available in transparent, pool blue, or white.
- ✓ Versatility: Multi-purpose, suitable for nearly all surfaces.

EXTENSIVE APPLICATION RANGE

- Concrete, sheet metal, wood, and polyester surfaces
- Ceramic, tile, and marble grout and cracks
- All water pools
- Concrete water tanks
- Concrete channels and pipes
- Water leakage cracks in toilets, bathrooms, kitchens, and balconies

TECHNICAL SPECIFICATIONS

- **Application Instructions:** The surface to be applied must be clean, dry, and free from dirt, dust, oil, or loose residues. Professional Crack Sealant is ready to use and does not require any additives. Apply to the surface using a brush or by pouring. The drying time is 6 hours. Ensure application is done at temperatures between +5°C and +35°C.
- **Color:** Transparent, Blue, White
- **Storage Conditions:** Store in a dry and cool environment, in its original, unopened packaging.
- **Shelf Life:** 12 months
- **Packaging Type:** 0.5 kg metal bucket
